

MOUNTAIN FLYING and YOUR BEST BETS for SAFETY

Knowing your capabilities, the aircraft's and the environmental demands will best prepare you for Safe Mountain Flying. We'll Review the Proper and Professional Techniques for Flight Safety, that need to be considered for flying over rugged high altitude terrain.

Directions: Continental Aviation is the forth building east of Balboa Blvd. on the south side of Stagg St. Fly-in: Park at any of the FBOs on the airport. Advanced contact recommended. Some waive ramp fees for a FAASafety Team safety program. Most offer courtesy transportation.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
